Developers Webinar #2: Building Legal Services Websites With Drupal

This webinar is the second in a series of three webinars about Drupal in legal services. The first webinar provided an introduction to the Drupal website content management system and how to use it to build legal services websites. This second webinar will cover how to plan, architect, and build a Drupal website for legal services. We will cover how to start building your legal services website with Drupal including settings, configuration, basic website features, and theming.

The webinar will be presented by Abhijeet Chavan and Ki Kim.

Tuesday, Oct 25, 2016 11:00 AM - 12:00 PM PDT
