- PBOW Pro Bono Opportunities

[Get OpenAdvocate Projects](#)

Triage Module

The Triage module adds a guided pathway option for navigating content on your site.

[Get Triage](#)

Slide Blocks Module

Slide Blocks is a Drupal module to create sliding blocks for mobile views.

[Get Slide Blocks](#)

Poverty Guidelines Module

A module which embeds Federal Poverty Guidelines tables into Drupal WYSIWYG pages from easy-to-use selection popup, available from Editor buttons.

[Get Poverty Guidelines Module](#)

Houston AI

A module that provides API integration to the Houston.ai machine learning interface. Under active development; not ready for drop-in use, but it currently provides access to the Houston.ai Classify, classify-feedback and problem code APIs that allow Drupal sites to submit text or documents to Houston.ai and get back a legal problem code.
